# KHULU *se* KLIP

Khulu se Klip is described as a piece of “bushveld heaven” by local and international visitors. The tranquillity of the bush, the sound of fish eagles, breath-taking dams and birdlife combined with ample game, creates an environment to relax and re-energize. The smell of campfires combined luxury tented accommodation and an entertainment facility with ambiance (fully equipped kitchen, bar, lounge and dining area) provide for a well-deserved rest and treat.

It is conveniently situated 30km from Brits in the North West Province - an hour’s drive from Pretoria and one and a half hours from Johannesburg. It is exclusive and provides for social or corporate getaways, special occasions as well as local and international hunting.

“

Thank you for a wonderful weekend in the Bush at Khulu se Klip! This was true glamping (glamorous camping) in style where each tent has its private bathroom. The communal kitchen and lounge lapa with all the accommodation within close walking distance really created a feeling of one big home with many bedrooms. The combination of first-class accommodation with a very special game drive creates a winning recipe.

“ Our family visited Khulu se Klip for a weekend for our yearly annual year end function. Our kids absolutely loved the idea of sleeping in a tent and being pulled on a trailer by a tractor. The facilities made it so easy to ‘camp’ with kids and the open-air living area was incredible. It is most definitely one of our favourite places to go. ”
